# Welcome Little One to Planet Earth

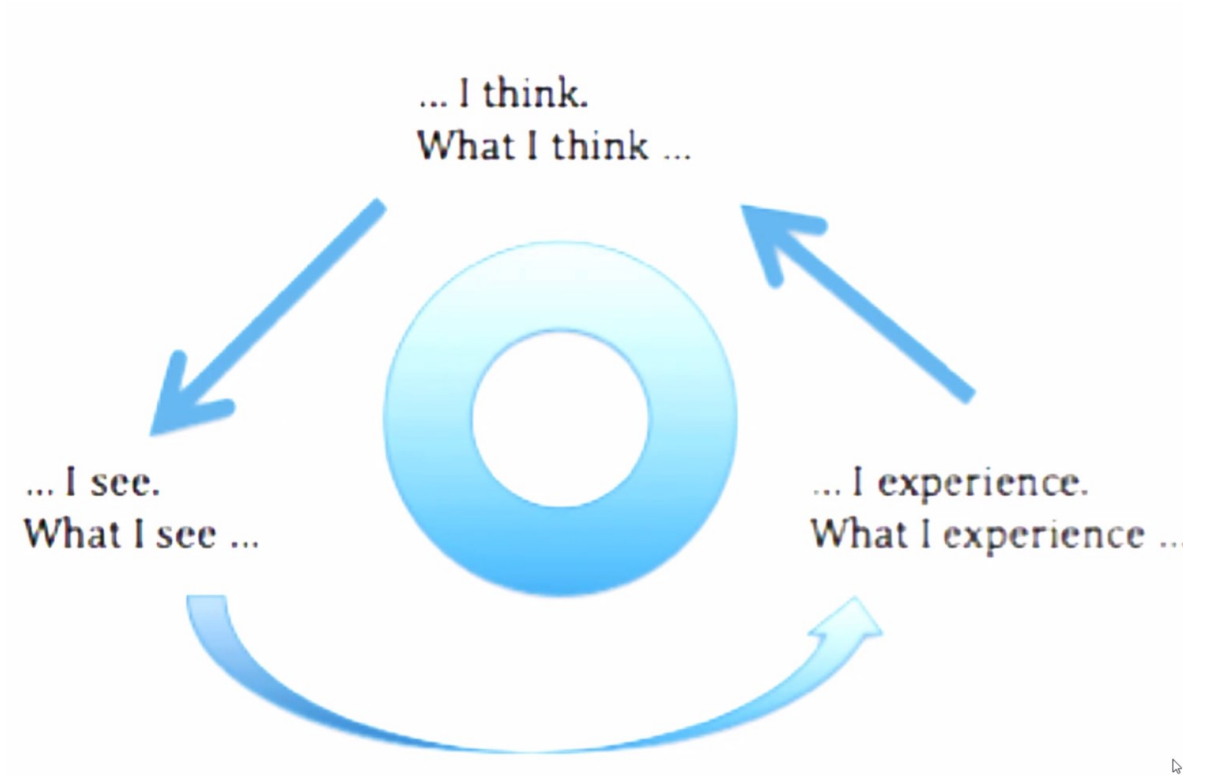

There is nothing that you cannot be, do or have.

You are a magnificent creator, and you are here by your powerful and deliberate Creation, and by your ability to do that, you are here.

Go forth and attract life experience to help you decide what you want. And once you have decided, give thought only to that. Most of your time, will be spent collecting data that will help you decide what it is you want but your real work is to decide what you want and focus upon it, for it is through focusing upon what you want that you will attract it. That is the process of creating.

Marlyna 

**For things to change,  
you have to change.**

# Crisis or Opportunity

We cannot create what we cannot imagine, yet we always create what we do imagine.

It is what drives human expression and experience on every level, mental, emotional and physical.

So, Imagine good things.

# 3 Steps of Manifestation

1. Awareness (Honesty & Insight)
2. Action (Create goals and a plan)
3. Alignment (Feng Shui, Date Selection)

# 2023 – the year of Opportunities, Obstacles and Spiritual Doorways

- What would a better year look like to you?
- What would a better life look like to you?
- What would need to happen for you to achieve that?

for Failure is .....
